- ◆ Rapidly growing organization
- ◆ Upcoming show opportunities
- ◆ State wide plein aire Information updated at WIPAPA@blogspot.com

WIPAPA Mission Statement:

Wisconsin Plein Air Painters Association (WIPAPA) has been established as a state wide fellowship of artists dedicated to promoting and practicing the traditional discipline of Plein Air painting (painting outdoors, from life). Members seek to honestly interpret the natural and man-made beauty and diversity of Wisconsin's landscapes and culture. We work to enhance members' skills and reputations by providing regular opportunities to paint outdoors together, and to critique our work and share our expertise with fellow artists in order to maintain the highest standards of the plein air tradition of painting.
